

LIBRARY MANAGEMENT APPLICATION GUIDANCE

I. BORROW BOOK FEATURE WORKFLOW

STEP 1 Authentication & Login

Log in to the application as a **Librarian** user (e.g., username: `hungvuong`).

STEP 2 Navigate to Loan Slip Feature

Go to the **Loan Slip Management** section in the navigation menu and select the `Borrow books` button.

STEP 3 Select Reader & Review Active Borrows

Enter the reader's name (e.g., `Tran Van A`). The system will automatically display all books currently borrowed by this reader. Review the record and click `Confirm`.

STEP 4 Search & Select Books by ISBN

On the **Select Book Information** page, all available book ISBNs will be listed. Search for the desired title in the search bar, click on the requested book, select it, and click `Confirm`.

STEP 5 Verify & Finalize Loan Slip

After selecting all required books, click `Confirm`. Review the generated loan slip information on screen and click `Confirm` to complete the process.

LAST STEP View Recently Added Loan Slip

The newly created loan slip will be displayed in the list. Click the `Info` button to view comprehensive details, including loan slip parameters and itemized borrowed titles.

II. RETURN BOOK FEATURE WORKFLOW

STEP 1 Authentication & Login

Log in to the application using a valid **Librarian** account (e.g., username: `hungvuong`).

STEP 2 Navigate to Loan History

Go to the **Loan History Management** module and click on the `New loan history` button.

STEP 3 Select Reader & Target Loan Slip

Enter the reader's name (e.g., `Tran Van A`) to list all active loan slips associated with them. Select the target loan slip to return books and click `Confirm`.

STEP 4 Inspect Returned Items & Assess Condition

On the **Add New Loan History** page, all books from the selected loan slip will be displayed. If all books are returned in good condition, click [Confirm](#).

Special Condition Handling (Lost / Damaged Books)

- **Lost Book:** Navigate to the *Reason* dropdown and select [Lost the book](#). The fine amount will automatically populate with the book's price.
- **Damaged Book:** Select [Spoil the book](#) from the *Reason* dropdown. Manually adjust the fine amount based on the extent of damage and document the issue in the **Note** field.

STEP 5 Confirm Loan History & Process Payment

When the **Confirm Loan History Information** dialog appears, review all details carefully to ensure correctness, then click [Confirm](#).

Payment Calculation Rule

The total **Payment** amount is calculated as the sum of the standard loan fee and any additional fine charges.

LAST STEP View Return Record Details

The recently recorded return history will be displayed. Click the [Info](#) button to view full record details and the list of returned books.
